

Greetings,

The local food bank, in conjunction with local school districts, have created a weekend program which provides a bag of food items for kids to eat on the weekend. Griffin has chosen to be a part of this program. Many in the community are accessing the food bank, but they realized that families sometimes have trouble getting to the food bank for a number of different reasons, transportation, weather, work schedules, etc. The food bank wants to ensure that students have kid friendly food items that they can eat with minimal adult support if needed over the weekend.

We were wondering if this program would be helpful to you and your family. The food bank will take into account your child(rens) age to create a weekend food supply. The food bank is happy to provide siblings, both older and younger, a bag of food too. If you would like to have each of your children be given a bag with food they can bring home on Fridays, please fill out this form and return it to Inga Olson, Child Nutrition Supervisor. You can turn it in to the main office or to your child's teacher and they can give it to me. If you have any questions, please feel free to call me at (360)866-5920.
