

## Interdistrict Transfers

Interdistrict Transfers are now called Choice Transfers. Choice Transfers will now be processed online and must be completed each year. If your student lives outside the Griffin School District Attendance area (if your resident school district is not Griffin) you will need to fill out this request even if you have already submitted a request in the past.

For more information about interdistrict transfers, please visit OSPI's Student Transfer informational page located at -

<https://www.k12.wa.us/student-success/support-programs/student-transfers>

Please go to the [Choice Transfer Portal](#) and fill out the Choice Transfer Request. All requests will be reviewed in August.

If special education services (including transitional bilingual instruction) are needed for your student, please fill out the choice transfer form via the portal above. Once you have completed your request, contact Jolene Ungren, Griffin Middle School Secretary, for further instructions. [jungren@griffinschool.us](mailto:jungren@griffinschool.us)
