OTHER REMINDERS.....

One of our goals this year is to alleviate the chaos before and after school in the main entryway.

- 4th-8th graders are now exiting down the hallway near the cafeteria.
- All teachers are walking every class out to the buses.
- Teachers are helping to supervise while buses are loading.
- Parents can help by keeping dogs and other animals outside and away from the main entry and the bus loading zone.

We are always looking for ways to keep Griffin students/staff safe!
